In today's issue of THE BOR-  
DER VIDETTE, on the first page,  
appears the report of the con-  
dition of The First National  
Bank of Nogales, at the close of  
business, March 4th, 1914. It  
is a dandy. Read it carefully.

A year ago yesterday, March  
13th, the constitutionalists under  
General Obregon, licked the tar  
out of the Mexican federal forces  
at Nogales, Sonora. The first  
anniversary of the battle of No-  
gales, was celebrated by a big  
military street parade at noon,  
and a grand ball last night.

Mark Lulley, he of the Won-  
dering Jew mine, is back from  
the mine, out of which he and  
his associates, his brother Louis

The Jew is a rich lead proposi-  
tion.

district, owned by herself and  
husband.

of the Four Metals mines, charged

gest railroad men in the west.

promoter, is back from the east

and director of La Cobriza Min-  
ing Company, departed the  
forepart of the week for New  
York, thence to England, on a  
combined business and pleasure  
trip. Early in May he will re-  
turn to Nogales, being accom-  
panied by his wife.

A slight blaze in the home of  
Ed. Burton yesterday, called  
out a portion of the fire depart-  
ment. Slight damage done. Just  
the same, the boys responded  
with commendable promptness,  
as they always do. Nogales has  
cause to feel proud of her volun-  
teer fire department.

The Giroux Cattle Company  
are making heavy shipments of  
Sonora cattle to the United  
States, notwithstanding the  
high export duty charged by  
the constitutionalists. This  
evening a train of forty cars will  
arrive from the south. The  
cattle are from the Camou  
ranch.

Next week L. M. Raines, the  
mining man, will go to the Castle  
Creek Hot Springs for a month's  
outing, in the hopes of getting  
rid of his rheumatism. He will  
be accompanied by Mrs. Raines  
and Master Hampton. The  
springs are said to be the best  
of their kind in the United  
States.

Captain C. E. Hardy, is visiting  
here from Tucson, a guest of  
the Captain and Mrs. Hardy.

prominent banker of Cynthian,

son, is also visiting Collector

Holt brothers, owns the "Patsy"  
gold mines situated sixty-five  
miles east of Magdalena, Son-  
ora, has been in the city for  
the past week transacting private  
business. The "Patsy" is  
near the old Tucabe mines, and  
is said to be a very valuable  
property. The Grovers now re-  
side in California.

W. H. Roper, the Magdalena  
civil and mining engineer, is  
here from Quijano, Sonora,  
where he is doing some work for  
the Columbia Mining Company.  
Roper has been employed to su-  
perintend the building of the  
new auto road between Nogales  
and Magdalena, around Casita  
canyon. The work will be com-  
menced at this end of the line.

Walter Holt, secretary of the  
Cerro de Plata Mining Company,  
of which his brother Elgin is  
president, has gone to San Fran-  
cisco, to purchase machinery for  
his company's great silver bon-  
anza in Sonora, near Cumeral,  
from which regular shipments  
of silver bullion are being made.  
Walter expects to be absent  
about a month.

Thursday A. S. Noon, the con-  
tractor, moved the old fire house  
from the site on which the hand-  
some new Town Hall will be  
built, and the work of excavat-  
ing for the foundation of the  
new structure has already com-  
menced. Until the fire depart-  
ment's new home is completed,  
the fire lads will occupy the old  
building.

James Reagan is back from  
the Reagan - Wright - Stevens  
placers near Boludo, Sonora,  
where he had been inspecting  
active operations. He stated  
that the work of installing the  
new machinery was progressing  
in a very satisfactory manner.  
Frank Reagan, who departed  
for the mine the forepart of the  
week, also returned.

T. J. Watson, the California  
mining man, who has a lease  
on the old Austerlitz mine in  
the Oro Blanco mining district,  
this county, was a visitor in the  
city the forepart of the week  
from camp, having come over  
to see his wife and baby girl.  
The little one arrived last week.  
Mother and little one are at the  
Sisters' Hospital. Both are well.

The city dads have been busy  
this week planting shade trees  
on Grand avenue. Trees have  
also been planted on the south  
and west side of The First Na-  
tional Bank's splendid property  
corner of Morley avenue and In-  
ternational street, adjoining the  
Southern Pacific depot. Pre-  
sident Curtis superintended the  
work, which was done by John  
Burton.

W. C. Budge, the well know  
ex-railway conductor, secretary  
of the Board of Trade, says he is  
a candidate for City Clerk. All  
that is needed to qualify as a  
candidate for any office at the  
coming city election, is the  
signatures of one per cent of the  
votes cast at the last election.  
It's a free-for-all, go - as-you-  
please race. No body barred.  
Who's the next gentleman?

Mr. A. Dumbauld is a candi-  
date for Town Marshal. He  
says he stands for a "Greater  
Nogales, and believes in the en-  
forcement of Town Ordinances  
and State Laws to each and  
every person alike without re-  
serve on account of position or  
social standing." If elected to  
the very important, responsible  
office of Town Marshal, Dum-  
bauld, we believe, would "make  
good."

Thursday afternoon while  
Chief Clerk Willie Cavanaugh,  
was busy with customers at the  
rear end of the Sonora News  
Company's store, two sneak  
thieves extracted five watches  
from the show-case near the  
front door, and before Willie,  
who, by-the-way, is some sprint-  
er, could overtake them, made  
their get-away across the line  
into Mexico. As yet no arrests  
have been made.

Colonel James A. Murray, the  
Butte, Montana millionaire mine  
owner, who is financially in-  
terested in the Havaleña Mining  
Company, the splendid prop-  
erties of which are located on  
the west side of the Patagonia  
mountains, this county, is now  
at the mine. J. Wells Smith,  
one of Mr. Murray's associates,  
has for the past ten days been  
on the ground with a number of  
engineers who are surveying the  
property for U. S. patent.

Last Tuesday H. J. Saxon  
and W. G. Bowman, the well  
known successful cattle dealers,  
went to Elgin to receive a train-  
load of white face cattle pur-  
chased from Major Loreto E.  
Carrillo and T. J. Turner. The  
cattle were driven to Huachuca  
Siding where they were loaded  
on cars and shipped to California,  
being accompanied by Mr. Bow-  
man. John Higginbotham, the  
Laird of Carbo, is associated  
with Messrs. Saxon and Bow-  
man.

E. E. Turner, son of Tom  
Turner, ex-sheriff of Santa Cruz  
county, who is now managing  
Colonel Otis' great stock ranch  
in Lower California, South of  
El Centro, Cal., is a business  
visitor in the city from Elgin,  
where Earl is looking after his  
father's cattle interests. Like  
his father, Earl knows the cat-  
tle business from A to Z, and is  
making "good." Recently Earl  
and Major Carrillo sold a train-  
load of cattle to Saxon & Higgin-  
botham.

Thursday Mr. William Martin,  
the Salinas, Cal., mining man,  
who owns valuable gold mining  
property in the Pinito moun-  
tains, Magdalena district, Son-  
ora, returned from a business  
visit to Tucson. Mr. Martin  
has expended a large sum of  
money on his property and ex-  
pects soon to realize substantial  
returns. It is understood a sale  
for the property is now pending.  
If it goes through, "Red Bill,"  
as his old-time friends call Mar-  
tin, will be on Easy Street.

When the roll is called at the  
third annual session B. P. O.  
Elks State Reunion to be held  
in Phoenix April 17-18, next,  
Nogales will be there with all  
fours. It is now believed thirty-  
five members of the antlered  
herd from Nogales will be on  
hand, and it's dollars to dough-  
nut they'll "make good." A  
special program, musical and  
otherwise is being arranged, and  
they boys say they are going  
to be in the money. Ray Ear-  
hart is chairman of the local  
committee. "Nuf ced."

Nogales, Arizona, is to have  
another big bank. In today's  
issue of THE BORDER VIDETTE  
we publish articles of incorpora-  
tion of the Sonora Bank and  
Trust Company, the incorporat-  
ors of which are Adolfo Bley of  
San Francisco, Max Muller of  
Los Angeles, and L. Brauer of  
Nogales, Arizona. Mr. Bley is  
president, Mr. Muller vice-pre-  
sident and Mr. Brauer is secre-  
tary of the corporation. The  
Sonora Bank and Trust Com-  
pany will be located in the new  
Green building on Morley ave-  
nue, north of the Montezuma  
hotel.

The Good Roads Committee,  
composed of Luis Giron, W.  
Beckford Kibbey, Elgin B. Holt  
M. Escalada, have already suc-  
ceeded in raising \$1015.00 of the  
two thousand dollars needed to  
convert the wagon road between  
Nogales and Magdalena into an  
automobile speedway. Chas.  
Buffett, who is treasurer of the  
Good Roads movement, says  
that the one thousand and fif-  
teen dollars was subscribed by  
sixteen subscribers of this city.  
The good work has only just  
commenced and those having  
the matter in hand are confident  
the full amount necessary, will  
soon be raised.

Mr. F. L. Underwood, a well  
known, prominent New York  
capitalist, and Edward B. Stur-  
gis, mining engineer of New  
York, are guests at the Monte-  
zuma hotel, having arrived in  
the city last evening from the  
Altar district, Sonora, where  
they had been to examine and  
report on mining property own-  
ed by Dr. J. C. Underwood  
of this city. More than thirty  
years ago, Mr. Underwood was  
interested in Sonora and Arizona  
mines, land, cattle and railroads,  
out of which he made and lost  
millions. At the present time  
he is said to be a multi-million-  
aire, but a genuine western  
multi-millionaire, of the Bill  
Greene sort. We hope he will  
become interested in this sec-  
tion, in order that Nogales may  
see more of him. This after-  
noon Messrs. Underwood and  
Sturgis will depart for New  
York.
